

Christopher Batts

Class of 2012

TMA alumnus Christopher Batts entered his third semester at Cedarville University with an incredible opportunity. He spent this past fall semester interning in Washington, D.C. for Speaker of the House, John Boehner. Christopher managed many office functions and directly worked with constituents of the 8th District of Ohio. TMA's dual enrollment program allowed Christopher to get ahead on his college credits so that he could take advantage of this unique opportunity. Christopher's internship led to a job with the Speaker of the House; he's very excited to begin working next semester while continuing his studies at Cedarville.
